JANUARY NEWS

Dear Farmersville Parents,

Greetings in 2018! I hope you enjoyed quality time with your child over the holidays! It was a nice break, but I was glad to see students again and hear about their holiday fun.

As you know, we earned an “A” letter grade from the Indiana Department of Education. Additionally, MSDMV earned an “A” for the district. We had to express our joy with a celebration on the last Friday of first semester. I hope you enjoyed the photo we sent home of your child as they peered through the “A.”

As always, the success of our students rests with your tremendous assistance. Thank you for making certain your child completes homework and practices skills at home. Practicing and preparing are critical components for students. Effective practice should accomplish good results! Gratefully, our Farmersville Community believes in and embraces our motto: “In all that you do, do your best!”

Most sincerely,

Dr. Elizabeth Johns
Principal

4th and 5th Grade Parents

For students who expressed an interest, information sheets were sent home today about Seaperch. This program provides students with the opportunity to learn about robotics, engineering, science, and mathematics (STEM) while building an underwater ROV. Farmersville parents, familiar with this program, will be leading the teams. Preparation and practice will take place in the evenings, outside the school day. Students participating will need transportation. Please let us know if you're interested and your child didn't receive a handout.

**New month.
New beginning.
New mindset.
New focus.
New start.
New intentions.
