FEBRUARY 2018

Dear Farmersville Parents,

With February, comes ISTEP testing for grades 3-5. We are gearing up! ISTEP is extremely rigorous! Unprecedented, laborious questions will challenge our students' intellects and perseverance.

As always, I'm asking for your support. Please check out the website below to see examples of questions on the test. <http://www.doe.in.gov/assessment/istep-grades-3-8> Additionally, please support your child and your child's teacher by making certain homework is completed each night. Practicing and preparing are critical components getting ready for ISTEP. The only way to improve at something is to practice!

### ISTEP Testing Dates:

**February 26 - March 9 for Applied Skills**  
(pencil and paper - where students write answers and show their work)

**i-Read for third graders is March 12-16.**

**April 16 - May 4 for Multiple Choice Test**  
(all on computer)

Thank you for taking the time to read this, investigating the website, and helping your child learn and grow. Parents, you are a vital component of your child's education. You are **VERY APPRECIATED!**

Most sincerely,

Dr. Elizabeth Johns  
Principal

*Happy Valentine's Day*

Remy Chevalier, Wesley Campbell, and Isabella Benthall qualified and competed in a state chess tournament in Indianapolis.
